

Working to Secure for U. S. Government the Coat Worn by Man Who Carried Lincoln's Body From Ford Theatre

FABIAN TACTICS ENCOURAGED RIOTS

COLUMBUS, O., July 30.—The Fourth and Eighth regiments and Troop B, Signal and Hospital corps have all been ordered to Columbus. The soldiers are to patrol the car lines. Gov. Harmon finally consenting. Mayor Marshall has issued a proclamation ordering streets cleared at night, and all loiterers are to be arrested.

The Chamber of Commerce has issued call for a meeting of its entire membership Monday to discuss the strike and decide on a plan of action. They brought pressure on the governor to get him to stop lawlessness.

Columbus, O., July 30.—Columbus union sympathizers paid little heed to the presence in the city of 1,600 National Guardsmen, and the city passed through one of the worst nights since the employees of the Columbus Railway and Light company went on strike last Sunday morning. As soon as the shades of night began to fall, union sympathizers broke loose in all sections of the city, the police and militiamen being powerless to check the rioting, which was scattered over many square miles of territory. As a result of the night's work three men are in hospitals, suffering from injuries of a serious nature. Before the troops could reach the points where the trouble was in progress the mobs would have scattered and been lost to view.

On the West Side the strike sympathizers adopted guerrilla tactics, men and boys concealing themselves behind houses, barns, trees and brush piles. Every car that passed was bombarded with bricks and stones, three men being seriously and 20 persons slightly injured in the fusillade. H. Williams had his head cut open and was hit in the abdomen with a brick. William Balcan was hit in the abdomen with a brick. William Farber of Cleveland was also seriously injured when his stomach received the full impact of a flying brickbat. The police and soldiers were unable to stop the warfare, owing to the fact that the belligerents were too well concealed and fleet of foot. After several hours of continuous bombardment the nonunion crews pulled the cars into the barn and refused to make any more runs.

Scythe Ditches Car.
At Grogan a Linden car was derailed by a scythe being tied to the track. The crew made a dash for liberty and escaped after being chased for more than a mile by a howling mob.

At Cleveland and Eleventh avenues three persons were hurt when a car was derailed. Conductor Bersch received eight ugly cuts on the head. Motorman A. Allen was dragged from the car and severely beaten. His left ear was kicked off and the eardrum shattered.

Eight cars on the Neil avenue line were badly damaged by missiles hurled from behind trees and shrubs in Goodale park. No passengers were

on the cars, which accounts for the fact that no one was injured during the continuance of the hostilities. The men and boys jumped from tree to tree so quickly and disappeared in the darkness that few of them fell into the clutches of the officers.

Adjutant General Weybrecht announced that tonight the streets of the city will be patrolled by the 1,600 soldiers now here, and that if they are unable to preserve order he will call out the Fifth regiment of Cleveland or the Eighth regiment, which is now in camp at Marietta.

Chief of Police Carter reported 38 disturbances of a serious nature and innumerable scenes of disorder of a minor nature.

Harmon Says Call Premature.
Governor Harmon, after reviewing the situation upon his return from Charlevoix, Mich., announced that in his opinion Mayor Marshall was premature in calling for troops, as he had not exhausted all his resources. He refused to permit the troops to do police duty in patrolling the streets, but said they would be held in readiness to respond to riot calls whenever the police force was no longer able to preserve order. When the calls began to come in faster than the operators at the police station could handle them, orders were issued and troops were sent to various parts of the city.

At a meeting of retail merchants it was decided to request Governor Harmon to call a special session of the legislature to enact a compulsory arbitration law. The present controversy was submitted under compulsory subpoenas to the state board of arbitration, but the latter is not empowered to enforce its verdicts. The request was made today. City Solicitor E. L. Weinland indicated in a statement that unless a settlement was soon reached he would act on petitions filed urging him to ask the courts to appoint a receiver to manage the street railways so as to secure service.

Only one complaint so far has been lodged against the soldiers. This was done by William Atherton of North Fourth street, who declares that a detail from Battery C entered upon his property and damaged his house with shots fired at fleeing sympathizers, who laughed at the soldiers as they were passing. Brigadier General McManen is making a thorough investigation today.

HAL RUSSELL RACED AT LIMA

Abe Clark's Hal Russell finished 2, 4, 11, 9 and 10 in the six heats of the 2:15 pace at Lima Friday. Findlay Boy won the race. The best time was 2:12 1/4 in the second and third heats.

Water Melons Ordered Out of Town by Health Officer

Brown Blotches Aroused Suspicion and Watchful Officer Ordered Whole Load Shipped To Railroad Company's Dumping Ground — Had Become Overheated During Long Journey From Georgia.

Half a carload of over-ripe water melons from Georgia were sent spinning out of Coshocton Friday afternoon by Health Officer Abbott.

The officer noticed water melons being delivered at local Italian commission houses. He saw the outside was covered with brown blotches and at once became suspicious.

Were Rotting.
"Such blotches on melons are caused by becoming overheated," he explained to an Age man. "I poked my finger through easily and the odor that exuded proved my suspicions to be correct. The melons were over-heated in the car where they touched each other, having been too long on the road. The top rows were doubtless all right."

Water Soaked Car.
Mr. Abbott ordered a number of melons taken back to the car and when he arrived there he found the

juice dripping from the car proving that many more within were rotten. He forbade any more being taken out and ordered the car sealed and shipped out of town. The Panhandle sent it to the company's dumping grounds.

Many Were Good.
Many melons in the lot were all right, though dead ripe, and found ready sale over town. But many were too far gone to be healthful and the health department then stepped in.

Warrior Dealers.
"I want to do no injustice to fruit dealers," said the health officer. "but I warn them that melons that have become over-heated take on a scabby appearance and then must not be offered for public sale as they are not fit to eat and will bring on illness. Dealers must be careful about this for we will not tolerate it for a moment."

Ollie James Cancels Engagement Here

Congressman Ollie James, of Kentucky, who was to have given the lecture the opening Friday night at the Coshocton Chautauqua, has cancelled.

Illness of his wife, his letter says, will prevent his filling his engagement here.

It is likely that the Chautauqua management will make a good trade on the deal, however, as they are figuring on a prominent United States senator to fill the date—and the pub-

lic is willing to trade a congressman for a senator any day. A number of splendid attractions have been offered instead of James and any one of them is his peer. The course will not in any way be weakened by his cancellation, but probably made stronger.

It has been an unfortunate fate of the local Chautauqua that nearly every season some on cancels. However, that same thing happens to about nine-tenths of the Chautauquas of the country.

KNIGHT TEMPLARS AND UNIONS LOCKED HORNS

Chicago, July 30.—In preparation for the Knight Templars' convocation, Chicago is erecting memorial arches in various streets, and today these came under the watchful eyes of the labor unions' business agents, who immediately forced the contractors to obey the following orders:

Dismiss upholsterers' stretching cheese cloth over the arches, on the ground that it is the work of paper hangers. Union paper hangers then refused to do the work and painters

were employed. Whitten arches with "water paint" instead of whitewash, as there is no whitewashers' union in Chicago. Use brushes instead of spraying on the paint with atomizers, as atomizers do the work quickly, while painters with brushes get 60 cents an hour.

Hoist the union scale of 60 cents an hour to 65 cents, because a trolley wire runs under the arches, "endangering" the lives of painters. Dismiss upholsterers' because they got only \$18 a week, while painters can charge \$5.50 a day.

This was all for today, but the business agents promised to think up some new angles when the work of putting up the stucco horses and other emblems are begun.

It is probable that at least a dozen different unions will get in on the work of nailing the arms on the wooden Sir Knights, hanging banners and other work.

The decorations must be completed speedily, and the contractors say that they will submit to whatever the business agents dictate.

TWO KAPNER CASES AT DRESDEN CLOSED

The final chapter in the tangled affairs of the Rieger, Kapner & Altmark and Kapner Bros. & Duga Hosiery Co., were closed Friday in Referee E. R. Meyer's court when both bankrupt estates were wound up. The former paid its creditors one per cent. Jacob Kapner and Louis Altmark have been ended discharge from a bankruptcy during the proceedings in bankruptcy.

With the exception of the criminal cases against Jacob and Abe Kapner and J. S. Prettyman all of the cases growing out of the failure of the Dresden bank, the two firms above mentioned and The Muskingum Valley Woolen Manufacturing Co., have been disposed of. The three men convicted of looting the bank have been granted new trials.

WOMAN WILL MAKE TWO ASCENSIONS IN BALLOON LABOR DAY

The Labor Day committee of Central Trades & Labor council have contracted with Mme. Susanne Raymond for two balloon ascensions at the Labor Day celebration at the fair grounds. One ascension will be given in the afternoon. The other will be at night, along with the brilliant display of fireworks. Madame Raymond will be one of the many big features of the celebration.

POET RETURNS FOR OUTING AT ADAMS MILLS

Edmund Vance Cooke, the famous Cleveland poet and Chautauqua lecturer, will arrive at Adams Mills within ten days for his annual summer vacation. He declares he knows no place so peaceful and comfortable as Adams Mills. It is likely he will run up to Coshocton during Chautauqua and be the guest of friends he made here a year ago.

Water Pipes That Baffles
Investigators.

Tenants of the Selby building are busy looking for the noise in the pipe. For two days water pipes have continuously rumbled, like a planing mill, so much that the vibrations can be plainly felt. All efforts to locate the trouble have so far been unsuccessful. No one knows the cause although the theory is advanced that a rubber washer has broken and is caught some where in the pipes, so that it amplifies every vibration of the city pumps. The noise is incessant and has succeeded in setting some people on edge.

WATSON PLEADS NOT GUILTY

Frank Watson, of Zanesville, pleaded not guilty Saturday in Squire Staats' court to the charge of failing to support his children near Baltic. He gave bond in the sum of \$300 for his appearance Aug. 23 and Dr. Metzler was to go on the bond but Watson refused to sign saying the bond was too large. He was taken to jail by Officer Vensell.

MINER INJURED BY ROCK FALLING ON HIS BACK

Frank McCleary, aged 50, was injured internally and around the hips and lower back, when a rock fell from the roof at the Warwick mines Saturday morning at about 11 o'clock, striking him in the back. His injuries are not serious.

When telephoned the mine officials refused to give out any information regarding the accident. It is understood that McCleary was loading a car when a huge rock which had become loose fell from the roof of the room. McCleary was struck in the back and knocked helpless to the floor, although he was not rendered unconscious.

John Mobley who was working with him called help and McCleary was taken to the entrance of the mine. Later he was taken to his home in Hanlon's ambulance which had been summoned from Coshocton.

At his home near the Franklin church, Drs. McClain and Lear, called and attended him. While the injuries are painful the physicians say that they are not serious and that he will recover. No bones were broken.

A. H. Thomson Will Restore Heirloom to National Museum

Has Learned That the Coat is in the Possession of Mrs. Outcalt at Columbus—Endeavoring to Get Affidavits to Prove That It is the Original Garment.

A. H. Thomson of this city, one of the veterans of the civil war, is working, and has been working for the past few months, to recover a coat which was worn by Capt. John Sears, of the United States army, when he carried the body of President Lincoln from the Ford theatre at Washington after the assassination of the president. The coat is stained with blood of the president and is considered one of the most valuable relics in the United States. Mr. Thomson is trying to secure it for the government who want it preserved in the museum building at Washington.

Last May Mr. Thomson was in Washington on political business with several other gentlemen from Coshocton. It was while there that he learned that the coat which he had seen soon after the assassination displayed in a window in Washington, was wanted by the government. He volunteered his services to recover the coat.

On returning home he started corresponding with relatives of the late Capt. John Sears and found that the coat was in the possession of a niece of the captain, Mrs. Outcalt, wife of the brother of the originator of Buster Brown in the comic supplement of the Sunday papers, R. F. Outcalt. Mrs. Outcalt lives in Columbus.

It was the last request made by Capt. Sears before he died a few years ago that he should be buried in the coat but his niece demurred and finally won her contention and the coat was given to her for safe keeping.

Mr. Thomson has written to government authorities and has tried to have affidavits sworn out to recover the coat but it seems that no one is willing to do it.

Mr. Thomson said Saturday morning that he would be willing to give \$100 to see the coat restored to the United States government and placed in the government building where it would be preserved.

The Coshocton gentleman's efforts are not lagging because of the disappointments he has had in the work; but on the contrary he is working more vigorously and is determined to get the coat into the hands of the government.

Another difficulty which Mr. Thomson has experienced in the work is the fact that the government must have proofs that the coat is really the original one worn by the captain on the night of the assassination. Mr. Thomson has been working on this also for several weeks but has experienced many difficulties. There is no doubt however, Mr. Thomson says, but that the coat is the original and he expects within the next few weeks to have its identity positively established.

MERCURY WILL REMAIN HIGH DURING AUGUST

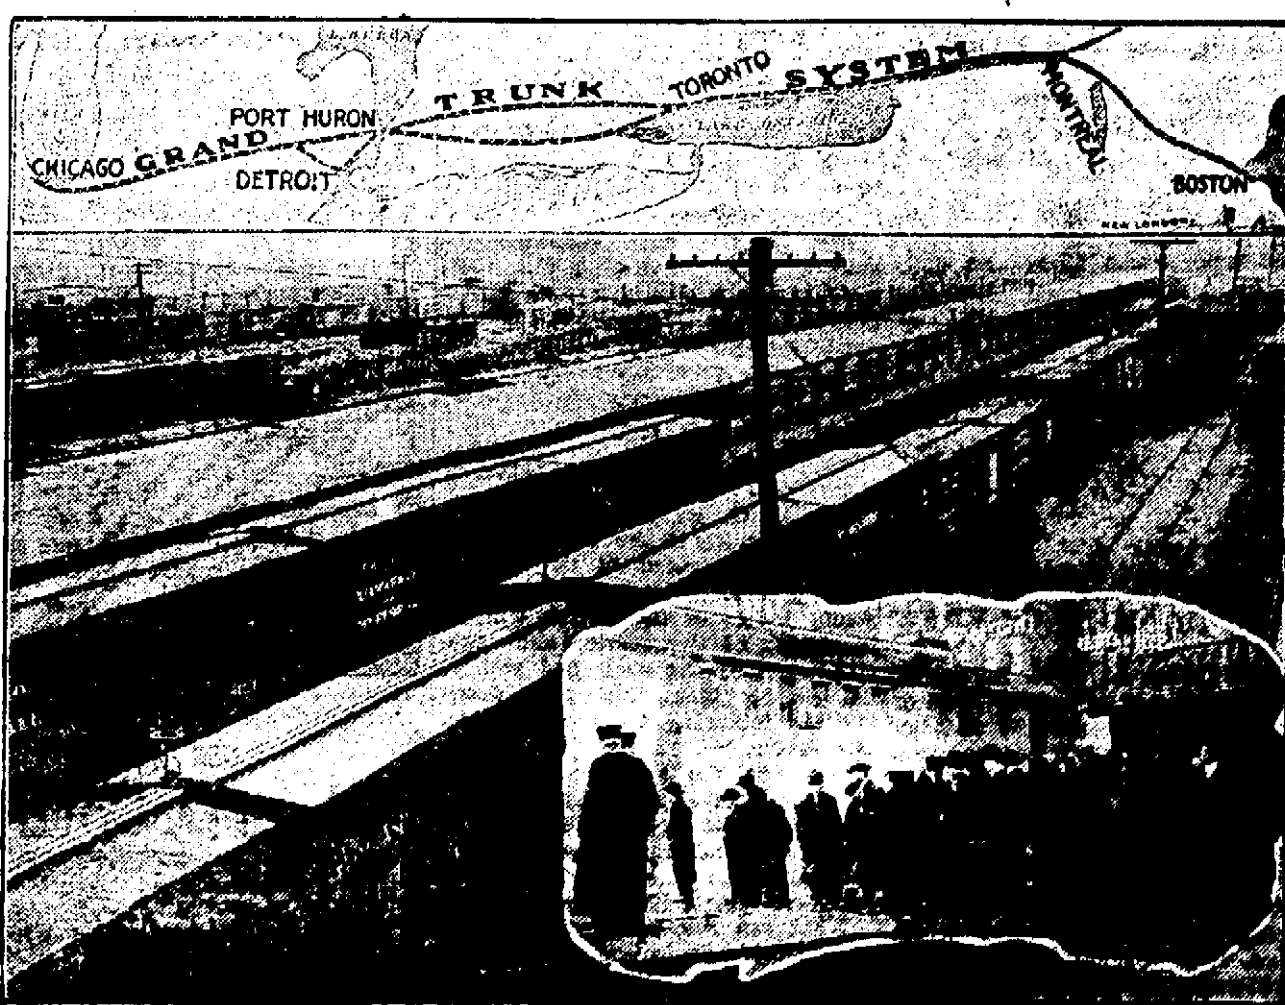

"Yes, August will be hot," said Tom Page Saturday morning on Main-st. "We will get some showers from the 6th to the 8th after which it will get very warm. The indications are that there will be no early frosts this year. September will be warm."

SIDNEY AYRES WINNING FAME IN NEW YORK

The Blue Book and Metropolitan magazines for August, just out, contain excellent pictures of Sidney Ayres, of Coshocton who is with Joe Hawthorne in the big musical comedy in New York "Girlick". The pictures are excellent likenesses of the Coshocton boy who is rapidly making his way in the profession.

The Grand Trunk Strike, Showing How Cars Are Congested in Yards.

The Michigan troops have been called out to protect the cars of the Grand Trunk railroad from riotous strikers. Yards are congested with cars full of live freight, much of it perishable. It is said that the United States government may step in and take a hand with Federal troops unless the strikers permit cars to go through unobstructed that contain government shipments.

"NET EARNINGS SHOW INCREASE"

Whenever you hear that expression in connection with the affairs of a business concern, you at once conclude it to be in a prosperous condition.

The term "net earnings," whether applied to the business of the largest corporation, partnership, or just your own affairs, means the actual amount remaining as profits after expenses of every nature have been paid.

In order that you can know what you are actually earning each month—that is, what you have left after paying your bills—you should have a check account with this bank. Every check is a complete record and enables you to keep an accurate check on your money affairs.

At the end of the month, when your book is balanced by us, you have a balance sheet that shows, to a cent, the amount of your net earnings.

HIGHWAYMEN FLEE FROM TENDERFOOT

An Eastern Tenderfoot Invalid Proves Handy With His Gun.

[Associated Dailies Telegram]
Corry, Conn., July 29. Failure of stage holdup in the hills near here to contain all the thrills of the traditional western robberies, was due to the nerve of a sticky tenderfoot from the east. Two masked men, heavily armed, assailed a party of eight men and ten women, east-rangers, returning from a picnic, and after bringing the stage to a standstill were preparing to rifle their bulging victims' pockets, when Samuel McCurdy, a retired financier of Pittsburg, Pa., who is here in connection with his mining properties, opened fire on the robbers with an automatic revolver.

The holdups attempted to return the fire, but either overawed by the unexpected resistance from the tenderfoot or losing their nerve, they gave up the job and fled to the hills.

WAS RAIDED

The residence of Melvin Lugenbeal, north of Dresden, was searched Friday by Marshal Frank Comer, who found twelve quarts of liquor alleged to be whiskey and 36 bottles alleged to contain beer. Lugenbeal claimed the liquor did not belong to him. His trial was set for next Friday and he was released under bond.

Seaver's Dyspepsia Tablets Must Cure Indigestion or They are Free

C. E. Anderson's drug store continues to sell Coshocton people with the understanding that they positively must cure dyspepsia or indigestion or they will not cost a cent. Experience has proven that SEAEVER'S DYSPEPSIA TABLETS cure dyspepsia in forty-nine cases out of fifty. That is a remarkable statement considering how difficult it is to cure dyspepsia, but the facts in the case can be easily verified. There is every reason to have confidence for C. E. Anderson's Drug Store will hand you back your money without the least hesitation should you fail to be benefited and cured. You will see a marked improvement in eating freely and is more easily digested. There is no fullness or distress after eating because SEAEVER'S DYSPEPSIA TABLETS aid the stomach to assimilate and digest and make more red, rich blood to strengthen the body.

As a nerve tonic nothing in the world will do you so much good as SEAEVER'S DYSPEPSIA TABLETS. They are just the thing for those who feel run down, nervous, tired and worn out and need something to give them new life and new energy. Don't hesitate a minute but go right to C. E. Anderson's drug store and get SEAEVER'S DYSPEPSIA TABLETS on their recommendation and guarantee, for they must help and cure or they must refund.

CRANE TO TOUR WEST FOR TAFT

Will Thoroughly Investigate Political Situation—Is First Step in Campaign

Beverly, Mass., July 30.—The first big move in the interest of Republican success next November has been made by President Taft. He had a long talk at the Evans cottage on Burgess Point with Senator Winthrop Murray Crane of Massachusetts. The president asked Senator Crane to make a trip of political inspection through the far west. The senator, it was understood, accepted. Neither the officials connected with the executive offices here nor Senator Crane wanted to talk about the trip.

Mr. Crane slipped into Beverly noiselessly by way of Manchester, six miles north, and got out again just as quietly. The executive office maintained a silence that was almost equal to that of the junior senator from the old Bay State when inquiries were made about the visit. There was nothing to be said about it, officials averred. But it was certain that if Senator Crane wanted to go west, his visit had nothing at all to do with Secretary of the Interior Richard A. Ballinger. Some of the political sharpers here had figured when they heard that Mr. Crane was here and that he was going west that he would carry with him a blank resignation which Mr. Ballinger would fill out and mail to President Taft. This much was denied absolutely. The president has not the slightest shadow of an idea of asking Mr. Ballinger to quit, and does not want him to.

Details Not Obtainable.

The trip west of Senator Crane probably will begin within a few weeks. While of course no outline of it is obtainable, it is believed that he will look into the political situation in most of the states from the Mississippi river to the Pacific coast.

Right in connection with Senator Crane's visit, announcement was made by the executive offices here that President Taft has canceled a score of tentative engagements for speeches which he was expected to make this fall. Some of these might have been political, some merely perfunctory.

The reason for cancelling these tentative engagements is press of administrative business. From now until congress meets in December the president will be very busy with appointments, with the arrangement of his administration program and with other important matters. He expects to go to the Panama canal zone early in November. This trip will consume at least 20 days. It probably will not begin until after the election on Nov. 8.

The Ohio Valley exposition, Cincinnati, Oct. 1; the governors' convention, Cincinnati, Oct. 29; the forty-fourth national encampment, G. A. R., Atlantic City, Sept. 24; the Toledo Business Men's club, Sept. 1, are among the engagements canceled by the president.

WILL FIGHT FOR CHURCH

Don Jaime, to Front in the Dispute With The Vatican.

an.

[Associated Dailies Telegram]
Madrid, July 30. Don Jaime, the Spanish pretender, has written to the Catholic senators and deputies congratulating them for supporting the church against the government, and adding that he believes Spaniards who favor order, as well as the army, will rally round our flag and fight side by side in the great battle against the enemies of real liberty. I shall then take the place of honor that devolves on me by birth.

King Refuses Request.

Madrid, July 30. King Alfonso today approved the government's reply to the Vatican demanding the resignation of Premier Canalejas, which is a refusal to comply with the request. It was also ratified by the cabinet and wired to Rome.

Vatican Will Not Yield.

Rome, July 30.—It is unofficially stated that the Vatican has decided it is unable to yield to Spain, holding that it is the duty to protect the church. It relies on the religious spirit of the Spanish people to support the church against the government, even if this leads to civil war. The pope is quoted by newspapers as saying "God's will be done. Our duty has been conscientiously performed. The church has passed through more bitter trials and has emerged triumphant, although after immense suffering."

ANNOYED WOMEN; PASTOR FINED

Rev. Lott, Formerly of Dresden, in Trouble at Chicago — Is Suspended.

Rev. George W. Lott, at one time a minister in Dresden, pleaded guilty in the Chicago municipal court to the charge of annoying women while riding on the elevated railway, and at the request of the road's attorney, he was given the maximum fine—\$100 and costs. The fine was paid by his son, C. H. Lott, manager of the Northern hotel in Chicago, who states that his father was overworked and had been overcome by the heat.

Rev. Lott has been pastor of the Shepard Avenue M. E. church in Columbus. A committee named to investigate the matter, including Rev. D. Evans, a former pastor of Trinity church, Zanesville, found him guilty, and Rev. Lott has been suspended until the annual session of the Ohio conference.

The investigating committee issued a statement, saying that they were of the opinion that Rev. Lott's guilt is due to viciousness but to mental irresponsibility.

BIG COTTON DEAL IS ON

Hammond and Sully Cotton Operators Hold Important Conference.

(Associated Dailies Telegram) Gloucester, Mass., July 30.—At John Hays Hammond's home in this city there was a conference having for its purpose the revolutionizing of the cotton industry in the United States, in which Mr. Hammond, Daniel J. Sully, the New York cotton operator, and Scott Dalglish of Cairo, Egypt, the representative of the Hirsch syndicate of London, figured. Mr. Sully and Mr. Dalglish arrived in Boston after a tour of the southern states and consulted with prominent cotton men relative to the proposed scheme. They met Mr. Hammond, who is president of the General Cotton Securities, and of which concern Mr. Sully is vice president and general manager.

Briefly, the proposition is one to establish warehouses in all parts of the cotton producing districts of the country, as well as in the manufacturing centers, for the storing of the cotton crop, so that instead of selling it from hand to mouth, as has been the practice heretofore, it will be marketed throughout the entire year. It is thought economy will be effected in the marketing of cotton which will result in a saving of not less \$5,000,000 a year.

FORCED OUT OF OFFICE

George Westinghouse No Longer Head of Electrical Concern.

(Associated Dailies Telegram) New York, July 30.—George Westinghouse, the inventor, and head of the Westinghouse Electric and Manufacturing company for nearly 25 years, was removed from the presidency of that concern at a meeting of the directors. Edwin F. Atkins of Boston was elected to succeed him, but it is understood that Mr. Atkins will hold office only temporarily until such time as the directors may be able to agree upon a man who will fill the place permanently.

The action of the board was in no way unexpected. It has been known for some time that there has been considerable friction between Mr. Westinghouse and Robert Mather, who was put in as chairman of the board after the reorganization with powers that overshadowed those of the president. For the last month rumors of the more or less forced withdrawal of Mr. Westinghouse have been particularly active.

Militia Pursues Murderer

(Associated Dailies Telegram) Quincy, Mass., July 30.—All Quincy is up in arms hunting the woods in quest of Louis G. Restilli, a quarry owner, who shot and killed his mother, Mrs. Rose Restilli, and Henry E. Hardwick, a prominent quarry owner, and also shot and seriously wounded his brother James, Benjamin Bishop and B. T. Hardwick. The entire police force and fire departments, Company K of the Fifth Massachusetts militia and more than 1,000 infuriated citizens, each one armed to the teeth, are beating the woods on the outskirts of the city in search of the man. It is believed that he became suddenly insane, then fired the shots that brought death and serious injury to his mother and some of the city's leading business men.

TEMPERANCE PEOPLE INDIGNANT AT MT. VERNON MAYOR

The Temperance people are up in arms over the manner in which liquor is being sold in Mt. Vernon and if a halt is not soon called it would be no surprise to many to see a repetition of the Newark affair.

Last Sunday the ministers of the city used it as a topic for their sermons and it is said that the mayor and one of the city officials were roundly denounced.

In conversation with the Leader a few days ago Deputy Sheriff Woolson stated that a revenue officer had been in Mt. Vernon and arrested seven bootleggers. They were taken before Mayor Mitchell. Two of them were released on bond. The others pleaded guilty and were fined \$100 and sentenced to 30 days in the workhouse but the latter part of the sentence was suspended.

The prisoners were sent back to jail but inside of a week all of them had been given their liberty on orders of the mayor.

When the arresting officer returned to Mt. Vernon he was greatly chagrined at the actions of the mayor and he said that if that was the kind of protection he was going to receive that in the future he would stay away from Mt. Vernon.

It would not be surprising if complaint against the mayor would be filed with the governor.—Danville Leader.

Rear Admiral Capps To Leave The Navy

Washington, July 30.—Rear Admiral Washington Lee Capps, Uncle Sam's master shipbuilder, is to retire as chief of the navy department. His resignation, approved by Secretary Meyer, is in the hands of the president, and there is every indication that he is being forced out of the navy. Rear Admiral Capps, at the age of 46, having achieved an enviable reputation as "the man behind the gun," finds himself prompted to retire because, as he himself declares, he is not in entire accord with the reorganization policy of the president and Secretary Meyer. His frankness in so stating his position has led the secretary to recommend that the resignation be accepted in conformity with the best interests of the naval service. With the enforced retirement of Admiral Capps, Secretary Meyer has removed from the navy all effective opposition to his reorganization plans. Admiral Capps was the last and most formidable of all the opponents of the secretary's plans. His retirement means also the definite defeat of the staff officers in their fight against the line officers and the complete triumph and domination of naval matters by the latter. In 1903, when Rear Admiral Capps was less than forty, he stepped over the heads of six other officers to take the place of Rear Admiral Francis T. Bowles as chief constructor of the navy.

People with kidney ills want to be cured. When one suffers the tortures of aching back, relief is eagerly sought for. There are many remedies to-day that relieve but do not cure. Here is evidence to prove that Doan's Kidney Pills cure, and the cure is lasting.

Mrs. C. Apple, E. State St., Newcomerstown, O., says: "I have done a great deal of hard work and this no doubt was the cause of my kidney complaint from which I suffered for years. Sharp, knife-like pains passed through my kidneys and at times my back was so lame that it was all I could do to get about. If I lay down the trouble became worse and added to this, was an annoyance from the kidney secretions. I had dizzy spells and at times my feet and ankles swelled. When Doan's Kidney Pills were brought to my attention, I procured a supply and it did not take them long to relieve me. The contents of three or four boxes made a complete cure and I now have no trouble from my kidneys."

The above statement was given in August 1906 and when Mrs. Apple was interviewed on May 10, 1909 she said: "It gives me pleasure to confirm my former endorsement of Doan's Kidney Pills. The cure they made in my case has been permanent."

HARMON'S DISGRACEFUL INACTION.

For some unaccountable reason it looks as though Governor Harmon is playing horse with the Columbus street car strike. The mayor of Columbus asked for troops as his police were utterly unable to cope with the rioters. The troops arrived, and so did the governor, and the latter, who was not at all cognizant of conditions, at once decided that the troops could not be used for patrol duty. All the troops obeyed his command except the Third Aegt. of Dayton, located in one of the most dangerous districts. Those troops disobeyed Harmon and patrolled their district with the result that there was not one moment's trouble. In other parts of the city, nearly 50 car men were badly injured by the mobs, and when they caught the luckless fellows there were shouts of lynching. Cars were shattered. In the meantime the governor was at his club. Today an effort is being made by Columbus citizens to get the governor to act. Just as the riotous Newark mobs hurt the cause they were espousing, by rioting and lynching, just that way are the strikers and their sympathizers hurting their cause in Columbus by violence. Matters there are in good shape except and save for the governor who has intervened and is letting lawlessness run rampant. The people demand that he either act or go back to Michigan.

NOW IS THE TIME.

It is worthy of consideration of the county commissioners and the supervisors of every township, that if the people are willing to spend thousands of dollars for pike roads, they will not object to a few dollars spent in repair work. Good roads like good habits are best kept in good shape by giving them constant attention and never permitting them to wear down in the smallest degree. With the advent of the automobile, which has come to stay and to take its place as one of the necessities of life, good roads are even more important than they formerly were. The time is not far distant when, instead of being merely a pleasure carriage, the automobile will be a necessity on every farm. The farmer is the man who does the most traveling, yet up to now he has been content to do it in the slower method. The west has already grasped the auto as a farming requisite. Let good roads be built, but let not good roads go down for lack of repair. There are roads in the county that need attention now.

GET WHAT YOU ASK FOR.

There are many reasons why you ask for advertised articles, but absolutely none why you should let a substituting dealer palm off something which he claims to be "just as good," or "better," or "the same thing," as the article you request.

The advertised article must of necessity be of the highest quality, otherwise it could not be successfully sold, and the advertising continued. The buying public recognizes the superior quality of advertised articles. The substitutor realizes that fact, and tries to sell inferior goods on the advertiser's reputation. When you ask for anything advertised in this paper, **Get It.**

CAMPAIGN PROMISES BE TO THE LIVLIEST

Nomination of Harding for Governor Means Victory for Republican Ticket—Campaign Will Sparkle With Vim and Vigor.

The nomination of Warren G. Harding as the standard bearer of the party insures to Ohio Republicans a sweeping triumph in November.

It was essentially a nomination of, for and by the people—the expression coming through accredited delegates, for the large part chosen may direct primaries.

It was a gathering of representatives from every part of the state and they selected, on the third ballot, the candidate who most closely represents the concrete sentiments of a majority of the voters.

Warren G. Harding came to the convention backed by no particular leader. He was not the candidate of any faction, or of any coterie of men. He represented no large center of population with a heavy home vote behind him. He engaged in no trades or combinations, or attempts at combinations. He did not seek to influence the delegates in their selection of committee-men, and he did not undertake to write in advance a platform. He sought in no way to control the expression of the convention in its choices for other places on the ticket. But he represented the type of present day Republicanism, which requires no designating prefix. He came not as a "regular," or a "radical," or as a "standpatter" or an "insurgent"—but was just the kind of Republican that has dominated the thought of the party for the most part for a half century of its triumphant history.

That he should become the nominee was the logical sequence. With a home-county delegation of eight votes as a nucleus in the early spring, he gathered strength with each day, and was the dominant figure in the busy pre-convention days in Columbus.

Warren G. Harding is not only an old-fashioned, thorough-going Republican, but an eloquent one as well. His voice will be heard throughout the state during the fall campaign, and his oratory will shatter the sham and pretense, the self-praise and the self-appropriation of others' works by his rival on the Democratic ticket.

Mr. Harding goes before the people on a platform which rings true from preamble to finale. There is neither evasion or equivocation on any of the living issues of the day. It is a platform that is clear cut, progressive, understandable. It covers every point that will come up for discussion in Ohio between now and November, and covers every point to the entire satisfaction of every reasoning, thinking, patriotic citizen of the state. It is a platform upon which every Republican stand, and can stand without squirming and without mental reservation. It is a platform that would win for any candidate. Harding—popular, tried, eloquent, enthusiastic, magnetic—the combination will be irresistible. The Republican ticket will be elected in its entirety, and the preliminary presidential campaign of the man who seeks the governorship to resign it to another's keeping will come to an early and inconspicuous end.

Ohio is a Republican state. The majority of the voters are Republicans. They will have as their declaration of principles this fall a ringing Republican platform. As their candidate, a candidate whose popularity has been proved by time. That the old-time party plurality will be again demonstrated in November, he who runs may read.

HAVE YOU READ IT?

Creamer and "Expense."

When former Fire Marshal Creamer's attention was called to the St. Clairsville trips he first said the money was spent on official business, but later, when the trail grew warm, he forthwith refunded the sum, thus conclusively showing by his own action that he felt morally culpable in taking the amount.—Cincinnati Commercial Tribune.

Clarence Mackay to Investigate "Votes For Women" Problem in England

MR. AND MRS. CLARENCE MACKAY

New York, July 30.—Clarence Mackay has gone to Europe with his wife on a very strange vacation. Mr. Mackay, who has a good many millions of dollars and varied business interests, wanted to take a summer vacation. Having the money, it was easy. His wife consented and selected a new way to take a rest. Mr. Mackay will help Mrs. Mackay study the suffragist question in England. Mr.

Mackay is not letting out three cheers over this year's vacation, but as Mrs. Mackay is one of the leading lights in the "votes for women" in the United States he decided that he should meekly go abroad, and instead of motoring through France he will act as protector for Mrs. Mackay as they dive deep into the headquarters of the English women who keep London on edge in shouting "votes for women."

Justice Moody Tells Taft He Wants to Quit—Formal Announcement Later.

Associated Press Telegrams

Beverly, Mass., July 30.—It became definitely known in Beverly through friends of Associate Justice Moody of the supreme court, who have seen him at his summer home in Magnolia, north of here, that he has informed President Taft of his intention to retire. The president was not told of the decision of Justice Moody in a formal way. The communication, according to the story from Magnolia, was made verbally. Mr. Taft has been to Magnolia twice since he came to the summer capital, and it was understood here that Justice Moody told him that he wished to quit. The formal announcement probably will not be made until the late autumn. Under the retirement act passed by congress just before adjournment.

PAYNE LAW NOT PERFECT

But Commission Feature Provides For Future Accuracy.

Because it has been said that the Payne tariff law is the best tariff measure ever passed, it is not to be implied that perfection has been reached. But the Republican party is working in the direction of perfection, as was explained by Congressman Longworth in his speech as temporary chairman of the Republican state convention.

"It is no severe arraignment of the Payne law to state that there may be a number of duties in its various schedules which exceed the measure of protection as laid down in the Republican platform, just as it is also probable that there are some duties which are less. If such exist they ought to be adjusted, not recklessly, but scientifically, and with full knowledge of the facts in each case, and that knowledge will be acquired with thorough accuracy through the medium of this tariff commission.

"It seems to be beyond the range of argument that the incorporation of the tariff commission in the Payne law and the subsequent appropriation for its use represents an immense advance in the direction of a strictly business-like and thoroughly accurate tariff."

Catarrh of Throat and Bronchial Tubes. Avenatone the Cure.

New Philadelphia, O., July 4, 1910, Dr. A. L. Huston, Marion, Ohio.

Dear Doctor:—I am eighty years old and contracted Catarrh of the throat and bronchial tubes during my exposure in the war. The disease was deep seated and I believe now, was the immediate cause of my hearing being affected. I began taking your Avenatone tonic on June 7th, 1910. I am now using the 5th bottle and find my condition so much improved, not only the Catarrh but otherwise, that I think I have used the 6th bottle I can discontinue the further use of Avenatone with perfect safety. However I will wait and see what your advice is. Any afflicted person with Catarrh or kindred troubles who will write to me (including postage) I will write them a detailed statement of my condition when I begin using Avenatone and tell what Avenatone has done for me and then they can come to their own conclusion whether it will help them or not. If you wish you can state this proposition through the newspapers.

Busy Bee, Pionio
At The Aronhalt Home.

The Aronhalt home on Cambridge road was the scene of an eventful occasion Friday afternoon when the Busy Bee Missionary society of Grace church enjoyed their annual outing. A short program, contests, and numerous out door games made the affair one of the pleasantest ever given by the society. At 5:30 o'clock a delicious picnic supper was served. Those making up the party were Mr. and Mrs. Burgess Norris, Miss Emma Elliot, Miss Mabel Parrish, Miss Mary Graham, Miss M. Conley, Miss Jessie Weddel, Miss Nora Martin, Miss Stella Hall, Miss Maud Ricketts, Miss Nellie Hill, Miss Nettie Peacock, Miss Edna Hay, Miss Dorothy Davis, Miss Barbara Preston, Miss Flavia Shipp, Miss Anna McCabe, Mrs. Edward Curtis, Mrs. Edward Crawford, Miss Laura Hilliker of Columbus, Miss Lida Jack of Pittsburg, and Mrs. William Anders of Olympia, Wash. After the evening's fun was over the crowd was taken home on a haywagon by Mr. Aronhalt.

L. T. L. Met Friday
Evening at Warsaw.

The L. T. L. of Warsaw met Friday night and a most interesting meeting was held. The meeting opened with roll call and the reading of the minutes, which was followed by scripture reading by the leader, Mrs. Shaw. After the Lord's prayer an interesting Frances Willard program was rendered. Several recitations were rendered and four little girls sang a dolly song.

The president of the W. C. T. U. was present at the meeting and gave a very interesting talk on the life of Frances Willard followed by remarks by the leader. The program was a most interesting one and was greatly enjoyed by the children.

At the next meeting, which will be in two weeks, the members of the organization will hold a picnic supper on the farm of Eugene Laughlin near Warsaw. All members of the L. T. L. are cordially invited to attend and take part in the games and a general good time.

The L. T. L. are planning to take part in the meeting of the W. C. T. U. when the state president, Miss Ensign will be present. The L. T. L. will sing a song and give their rally cry. The W. C. T. U. members are watching with interest the work of the L. T. L. and the latter organization is making their best efforts.

Will Break Camp
Monday Morning.

The crowd, who have been at Camp Noble four miles east of Coshocton, will break camp Monday morning after spending two weeks close to nature and will return to the comforts of civilization. Those who composed the party were. Mr. and Mrs. Harry Hunt, Mr. and Mrs. Karl Hing, Mr. and Mrs. Russell Hanlon, Mr. and Mrs. Chester Smith, Miss Elsie Miller and Glenn Boyd. During the second week, R. T. Hunt, C. F. Gosser and Melvin McKinley have been in camp with the crowd.

H. D. crowd.

C. C. Circle Entertained
in Roscoe Friday

Mr. and Mrs. Cienna Foster, delightfully entertained the C. C. Circle club at their home in Roscoe Friday afternoon with a picnic glass.

FALLING HAIR

Parisian Sage is the only hair dressing that doesn't stop falling hair, itching scalp, and eradicate dandruff in two weeks. C. E. Anderson stands ready to refund your money without argument or red tape of any kind.

Parisian Sage will put a fascinating radiance into any woman's hair in a few days. It quickly cools the scalp and rids away all obnoxious odors.

Suzanne Calahan, of Hotel Royal, Bucyrus, Ohio, on March 25, wrote: "Last August my mother's hair began come out very badly and her scalp was so sore it was very hard to do anything for it. We decided to use Parisian Sage and it proved a GRAND SUCCESS in every way. Her hair stopped coming out, dandruff all disappeared, soreness all left the scalp and her hair is coming in again very nicely. We only used three bottles."

We recommend it to every one needing it and feel that we cannot praise Parisian Sage too highly. Parisian Sage is sold by druggists everywhere and by C. E. Anderson for 50 cents a large bottle. Mail orders filled, charges prepaid by Giroux Mfg. Co., Buffalo, N. Y.

The dinner was served on the spacious veranda of the Foster home. The children and husbands of the members of the club were the guests. Those present were Mr. and Mrs. Dr. Wright, Mr. and Mrs. D. E. Wright, Mr. and Mrs. L. Darling, Mr. and Mrs. G. Darling, Mr. and Mrs. W. R. Williams, Mr. and Mrs. J. B. Clark, and sons James and Robert, Mr. and Mrs. E. H. Clark, and Mr. and Mrs. Cienna Foster.

Will Visit Relatives
in Marysville.

Miss Bonnett and Ralph Bumgardner of the Fountain dry goods store leave Saturday for a two weeks' vacation at Miss Bonnett's home in Marysville, O.

Will Return to Cuyahoga
Falls Next Wednesday.

Mr. and Mrs. Will Overholt, of Cuyahoga Falls, who have been visiting relatives and friends here, will return home next Wednesday. Mr. Overholt owns a grocery store there.

Mr. and Mrs. Durand
to Arrive Tonight.

Mr. and Mrs. C. Homer Durand will arrive tonight on No. 20 from their home in Cincinnati to spend a week at the home of Mrs. Durand's parents, Mr. and Mrs. Alfred Peck, of Chestnut-st.

Will Enjoy Outing
in Cleveland.

Mr. and Mrs. John Williams and son Thomas and Mr. and Mrs. Chas. Carpenter and daughter Bessie left Saturday morning for Cleveland where they will enjoy a brief outing.

D. B. I. Club
Pitch Tent.

The girls of the D. B. I. pitched camp Saturday on the Clark farm four miles back of Roscoe. The camp will be known as "Camp Elmwood" and will be a popular spot during the next two weeks.

The girls in camp are the Misses Ethel Wicken, Theresa and Stella Clark, Minetta Gillen, Ethel Randles, Lella Greer, Clara Nelson and Florence Haek.

Pleasant Surprise
On Bailiff Wright

Court Bailiff and Mrs. William Wright were the victims of a delightful surprise planned and carried out by those associated with him in his work at the court house. The guests brought with them baskets filled with a complete menu which was enjoyed at a late hour. During the early part of the evening music and games were exceptionally popular. In addition to Mr. and Mrs. Wright the evening was enjoyed by

WISE WORDS.
A Physician on Food.

A physician out in Oregon has views about food. He says: "I have always believed that the duty of the physician does not consist with treating the sick, but that we owe it to humanity to teach them how to protect their health especially by hygienic and dietetic laws. 'With such a feeling as to my duty I take great pleasure in saying to the public that I myself own experience and also from personal observation I have found no food to equal Grape-Nuts and that I find there is almost no limit to the great benefit this food will bring when used in all cases of sickness and convalescence."

"It is my experience that no physical condition forbids the use of Grape-Nuts. To persons in health there is nothing so nourishing and acceptable to the stomach especially at breakfast to start the machinery of the human system on the day's work. In cases of indigestion I know that a complete breakfast can be made of Grape-Nuts and cream and I think it necessary not to overload the stomach at the morning meal. I also know the great value of Grape-Nuts when the stomach is too weak to digest other food."

"This is written after an experience of more than 20 years' treating all manner of chronic and acute diseases, and the letter is written voluntarily on my part without any request for it."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

at the Fair Grounds.
Tuesday the Ladies of Districts 1 and 2 of Grace church and their families will enjoy their annual outing at the fair grounds. All are urged to attend.

"Ladies Day" at
"Camp Noble."

The most delightful week-end affair in camp society was "Ladies Day" at "Camp Noble" Saturday afternoon. All during the afternoon the campers received in their woodland homes thirty or more ladies in a most delightful manner. Automobile parties were numerous and many visitors made the trip by train. A most appetizing collation was served by the hostesses Mrs. Chester Smith, Mrs. Karl A. Hink, Mrs. Charles Ransom, Mrs. Harry Hunt, Mrs. Russell Hanlon and Miss Elsie Miller.

The Oldest Libraries.
The oldest libraries of which we have any certain knowledge are those brought to light by excavations among the ruins of the east. Among these are the Babylonian books inscribed on clay tablets, supposed to have been prepared for public instruction about 650 B. C. It is said by Aristotle that Strabo was the first known collector of books and manuscripts. This was about the year 350 B. C.

The many friends of Mrs. F. Rothol, of Layland R. F. D. No. 1, will be pleased to learn that she is convalescing after 15 weeks' illness. She is suffering from heart and stomach trouble and her condition till a week ago has been serious.

A Fashion Chat on Dolls' Clothes.
Furnished by Pictorial Review
853 Broadway, New York City.

Christmas is coming! Christmas is coming! We can hear the little children shouting with glee and see their cheeks with their tiny hands with joy and great expectations. Now is the time to think of presents and good things for the children and where is there in all this world a little girl who does not want a doll for Christmas? And she wants her doll to have lots of pretty clothes just like her own.

It is not at all a hard problem, nowadays, for the mother to make doll clothes for her little daughter. At least, not while PICTORIAL REVIEW sells dolls' patterns. They come in sets and are so very pretty and dainty.

Working through the toy departments of the various large stores, the beauty and elaborateness of the dolls' clothes strikes the eye immediately. Dainty lace, embroidered frills and ruffles form the trimming of these little frocks.

PICTORIAL REVIEW doll patterns are so perfect that they can be made perfectly plain or trimmed according to the taste of the maker. Children prefer the fussier but the mother will find that the plainest dress makes the most lovely they will last.

Washable materials should be used in their development if possible. Thin white muslin makes up prettily and a colored lining underneath the dress makes it very effective.

PICTORIAL REVIEW DOLLS' SET, No. 3305 contains two pieces—a tucked dress with side-plaited skirt and a kimono in full length. Both pieces would make a charming little dress with ribbon-run binding connecting the long body and skirt. The pattern is suitable for dolls with 12 or 14 inches high, and the price is 10 cents.

A little voice dress is included in PICTORIAL REVIEW SET, No. 3306. The dress hangs free from the voice or body and is long lined effect with a washable cap. It is made with a hood, which can be lined with silk of a contrasting color. It comes in sizes 18, 20, 22 and 24 inches high. Price 10 cents.

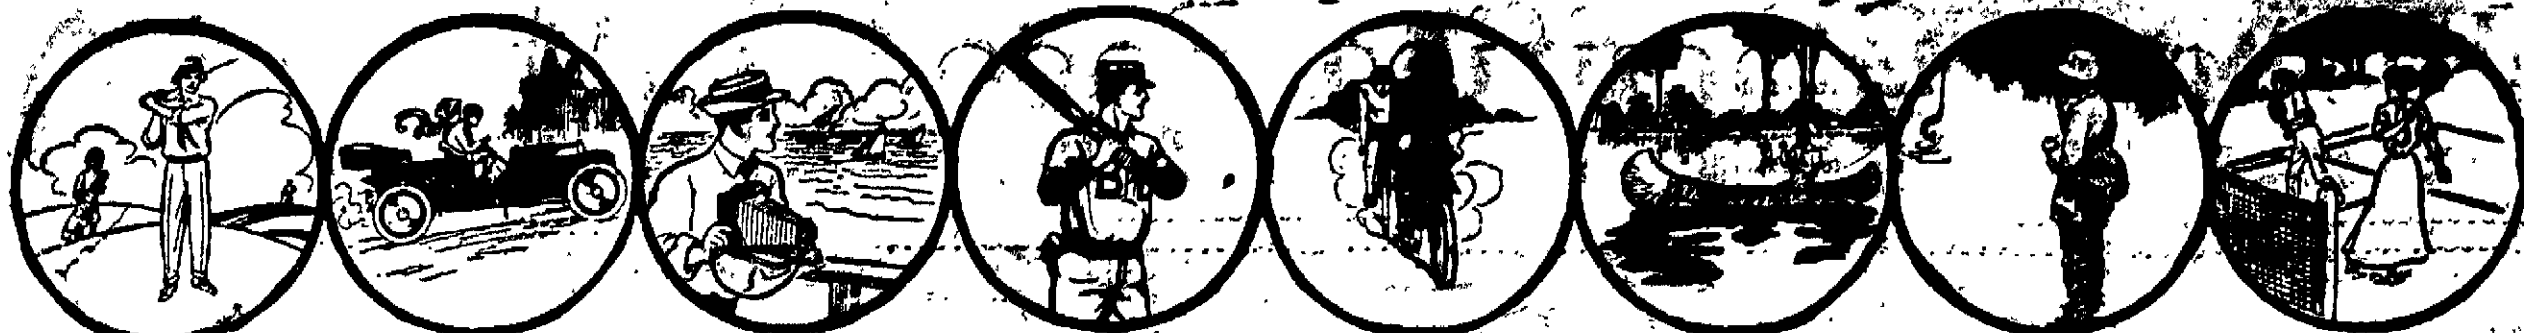

Olds and ends of ribbons, laces and embroideries can be purchased at a very small cost and exquisite little caps and bonnets made for dolls from them. Baby likes a variety of headgear for her dolls and the delight of the owner. PICTORIAL REVIEW SET No. 3302 includes a tucked dress having long or short sleeves, a jacket with or without cuffs and a close-fitting cap. The dress is made of pink muslin with feather stitching for trimming. The extremely pretty Albatross or cashmere would also be suitable for it finished with hand-worked neckties and dots. Stitching serves very well, however, and it is very quickly done. Plain net was used for the cap which consists of a front and crown. The pattern can be had in sizes 18, 20, 22 and 24 inches high. Price 10 cents.

Pirates Refuse to be Classed as Has-Beens

Fred Clarke's Team Takes
a Brace And Gets Close
Up To The Leaders.

Cincinnati, July 30, 1910.
Those Pittsburgh Pirates positively refuse to take the count so far as the National League championship of the season is concerned. One month ago the experts consigned Fred Clarke and his Smoky City Buccaneers to the base ball scrap heap, and predicted that they would do well to finish in the first division. Now the Pirates are surging, and for a week or more have been hopping in and out of second place, with good prospects of eventually occupying a permanent place right next to the leaders. And even that will not satisfy them. For Manager Clarke declares that his athletes now have struck their gait, and that they ought to win the pennant. The Pirates will be at the pinnacle again. Wild stories of dissension in the ranks of the Pirates are being choked to death by the good work the team is doing. On bets are being laid at anything like even money that Pittsburgh again will finish on top. Clarke and his men were here for two postponed games this week, and will visit again on Sunday for the final game during the Reds' present home series. The Reds then will go a-touring, playing on Sunday games on the local lot until the Giants stop off here on Aug. 21.

Not only in the National, but in the American League also, is the hope being kindled. The Detroit, last year's champions, are further behind first place in that race than the Reds before the initial round in the National—and there appears to be little better prospect for the Tigers finishing in their accustomed position at the head of the column. According to reports from the East, where the Tigers have just finished a series of games. Manager Jennings has about surrendered, and is quoted as saying that, in his estimation, the Bostonians ought to win the flag in Ban Johnson's league.

However, with the general public, the Philadelphia Athletics, by reason of their big lead and the fact that they have the goods for a strenuous campaign. There still remain two months or more of playing in both leagues, and it is possible that the dope will receive a few added jabs during that time.

Now is the time for unloading "promising" minor leaguers on the circuit clubs at exorbitant prices. With the aid of record padding and boosting in home papers, the "value" of the minors has gone soaring until it takes the receipts of a few Sunday games to buy one man. To date several of these "phenoms" have been delivered, but it is not recorded that any of them has won back a goodly portion of the cold cash paid out for him. Aside from "Rube" Benton and Outfielder Wheeler, the Reds haven't called in any of their recent purchases, although several others have been recorded in this class. Third baseman Phelan, who was secured some months ago, has been in the game for some little time and while showing class as a fielder has not knocked boards off the fence with his bat. As for Benton, he's booming up better every time he works, while Wheeler hasn't had a chance. The big influx of rookies will take place the latter part of August, when all purchased players must report to their respective purchasers.

That the anti-betting laws in New York have put an awful crimp into the rewards that now are hung up by racing associations is shown by a list of the larger stakes that are being contested on the eastern turf this year compared to what they were four years ago, before the Hart-Agnew law went into effect. Here's how they have shrunk: Futurity Stakes, from \$26,610 to \$25,000; Belmont Stakes, from \$22,765 to \$10,200; Annual Champion Stakes, \$20,500 in 1907, now eliminated; Brighton handicap, \$19,750 in 1907, now eliminated; Coney Island Jockey

BASEBALL TEAM IN AUTOS; PATRICH WILL BE PITCHER

The Larcombe team left in three automobiles Saturday noon and drove to Newcomerstown to play the team at that place. The cars that went were driven by Toresen Stewari, Russell Jacobs and Al Nickert.

It was expected when the team left that Patrich would pitch today and if that plan holds out Coshocton is almost sure of a victory for

Patrich is one of the best on the team. For the past several weeks he has been suffering with a sore arm but during the past week after taking a series of electrical treatments in a local physician's office he has brought it back into better shape than it has been for months.

When they left Manager Larcombe said "Patrich is going to pitch and that means a victory for us."

COSHOCTON MEN SAW CHAMPION JOHNSON

When they were in New York city on their recent eastern auto trip, Hippolyt and Charles Llewellyn and Win Hinde, Jr., saw the great and mammoth Jack Johnson. The negro pugilist does a three round bout and gives a three minute talk at Thompson's roof garden, and the place is jammed every afternoon and evening with seats selling at \$2.50 per.

The Coshocton men say that never have they seen so magnificent physique as possessed by the black champion, but he shines rather in the ring than as an orator. Just as the performance for the afternoon or evening closes, Johnson and his manager come out and get in his big Thomas Six cylinder car that waits for him in front, and the streets are blocked with people trying to catch a glimpse of him.

Club Stakes, from \$19,725 to \$2,250; Great Trial Stakes, from \$9,550 to \$7,075; Hospital Stakes, from \$17,000 to \$12,000; Lawrence Realization, from \$16,800 to \$9,755; Suburban Handicap, from \$16,890 to \$1,500; Great Republic Stakes, \$16,700 in 1907, eliminated this year. Sad, isn't it?

There's certainly much wild guessing going on regarding the identity of the man whom certain sports are said to be preparing to wrest the world's championship from Jack Johnson. Bill Lane, the Australian heavy, Con O'Kelly, an Irish giant, an Iron mauler from Adirondack, O and Tony Drexel, the Philadelphia millionaire, are among the many big fellows that have been mentioned as "J.B. Athlete's" prospective opponents. In the meantime, there is nothing definite doing except the continued suppression of the pictures of the fight, indicating that the men who have these films may have to use them for purposes other than exhibition.

UMPIRE EXCUSE STILL IS USED

Oh listen to this wail from the Dresden Transcript.

Guess the hoodoo (or the umpire, which still follows Dresden when they go to Coshocton to play. Dresden never won a game there since the two towns began to play ball with each other, which dates back some twenty five or thirty years ago. It was anything to beat the visitors at that place and it looks like it is still their policy. A good umpire wouldn't hurt them any, seems to be the chief cause.

Sick List.

Word has been received from Kansas City stating that Miss Mary Weisner, formerly of Coshocton, who has been seriously ill for several weeks, is able to sit up and is apparently on the road to recovery. She was very low a short time ago.

Miss Annie Beall, who was injured in an automobile accident two weeks ago, has so far recovered that she was able to sit up a little while Saturday for the first time. She will probably not be able to leave the house for some time but her condition is very encouraging and it is hoped that her complete recovery is now only a matter of time.

OLDFIELD BEATEN IN HANDICAP

[Associated Dailies Telegram]

Columbus, O. July 30.—At the auto races on the track of the Columbus Driving club Barney Oldfield broke the track record by going an exhibition mile in 54.5. The former record was 57.1. He was defeated in his first race a five-mile handicap for cars not exceeding 600 cubic inches. Rickenbacker won the event. Oldfield, who was handicapped 5 seconds, made the five miles in the fastest time 5.15.

Lottie Almack and party will motor to Newark Sunday and spend the day at Buckeye Lake.

Baseball Small Talk

The Cubs lead over Pittsburgh was again cut to six full games.

The Phillies let a game slip to the Giants after looking like winners for five innings.

The Buccaneers have lost only 3 of their last 15 games.

President Dovey has more than doubled the 50-cent bleacher capacity of his South End park in Boston.

The New England league race has about six weeks to go and Worcester has a good chance to win its fifth straight pennant.

Baltimore will drop Pitchers Malloy and Donnelly and Catcher Jimmy Murray. One of the pitchers will go to Buffalo.

Catchey Lemon, of the Indianapolis team, has joined Newark, in the Ohio State league, Pitcher Charles Hollingsworth has been released.

The Tigers are putting forth every effort to get good pitchers. With a good staff for the box the champions would get back into the hunt mighty quick.

Hall of the Red Sox, has beaten Washington, four times this year. Karger has beaten Detroit four times and Crotte has beaten Cleveland four times.

Foley, the Holy Cross pitcher in line with the Boston Americans, may be given a tryout with Providence. The boy did not like the idea of going to Lynn.

It was in 1896 that the Baltimore Orioles won their last pennant, the National League flag. Now Jack Dunn's team looks like a very possible Eastern league winner.

It is rumored that Jack Love, the Kansas City second baseman, has been to the Cleveland club and that his sale to the majors will be officially announced in August.

President Chivington, of the American Association, suspended Tony James of the Kansas City club, for three days for shoving Umpire Bush at Columbus July 22.

President Armour has traded Pitcher Frank Owen, former White Sox twirler, to Kansas City for Pitcher Bill Essick. The deal has been hanging fire several days, but was finally closed.

Arthur Fromme, pitcher of the Cincinnati club was yesterday given leave of absence for the rest of the season. He will devote the rest of the summer to treatment for rheumatism in his pitching arm.

The Red Sox stand ahead in every series this year except those with the Athletics and New York. Here is the record: Chicago 8-4 Cleveland 7-3, Detroit 8-5 New York 5-6 Philadelphia 1-11, St. Louis 8-3, Washington 11-3 Total won 54, lost 35.

The Detroit Tigers have played games in Boston this year, winning two and losing six. The total attendance at these games which were played on seven afternoons, there being one double-header, was 155, 119, an average of 16,194 a day, which is indeed a record. In Philadelphia the Tigers have played to 97,000 in eight days, an average of 12,125.

Baseball has claimed its third victim in Montclair N. J. this year. R. D. Edwards, an officer of the Maplewood school, is dead as the result of an accident which occurred in a baseball game on Independence day.

Edwards was standing close to the plate when one of his team mates knocked out a home run. As the batter started for first he threw his bat behind and struck Edwards on the head. Death was due to cerebral inflammation.

Connie Mack—than whom there is no wiser club owner, manager or observer in baseball says "The best advice I can give a young man who wishes to make for himself a great name on the diamond is: Practice violating the speed limit, and were and study catching. Become a so-called "Buck" Ewing. That is practical."

cally no limit to the salary that a man the equal of Lou Criger or Roger Bresnahan, when these two catchers were at their best, could command today."

It is reported that Jimmy Williams, the star second sacker of the Millers, is dissatisfied and may quit the Cantillons cold. It seems that Williams was to receive the same money he was paid in St. Louis, but that the owners have not come across with it. Williams is sore and it is reported that when the club reaches Minneapolis he will demand the increase or quit the game.

James Dowd, the young Holy Cross twirler released by the Pirates, broke into the American association recently under difficulties. He was the third of four pitchers used by Indianapolis, and only five hits were made off the quartet.

It appears that Rube Waddell has fallen off the water wagon and has his promise to disappear. He has now broken his promise to President Hedges and has a 306-day workhouse sentence hanging over him. Rube will not likely get in the jurisdiction of that police court very soon.

Must Sue For Insurance

Chicago, July 30.—Court action to recover the \$131,000 accident insurance held by Ira G. Rawn will be instituted following the verdict of the coroner's jury. The "open" verdict, which said that the members of the jury did not know whether the railroad official ended his life accidentally or with suicidal intent, but that it looked like suicide, will be the issue in the legal battle.

Lines West Reach Agreement.

Pittsburgh, July 30.—The differences between officials and employees west have at last been fully and satisfactorily adjusted. This statement was given out from the office of G. E. Peck, general manager of the Pennsylvania lines west, after he and the representatives of the workmen had spent another day in conference.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No! You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health strength and vigor.

STONE MANS BUSINESS AT NEW PHILADELPHIA

New Philadelphia, July 30—"Pick miners" in mines under my control will not go out on strike," said C. L. Cassingham, president of the Central Ohio Operators association, Friday morning in speaking of the threatened walk-out rumored Thursday. "The best reason for my statement is because no pick miners in any of my mines are working now, and hence there can be no 'sympathy' strike."

Mr. Cassingham is anxious to resume operation in this district. He states that his efforts to ally the board of trade in arbitrating the miners was due to the solicitation of the trade board itself, which was first appealed to by business men in New Philadelphia.

D. H. Sullivan, district president of the United Mine Workers of America, was also appealed to by the board of trade to effect a conciliation. The falling off in business in this city has been apparent since the mines closed, and all official interference used by the board of trade is due to the solicitation of local business men.

PASTOR AND WIFE WALK TO CLEVELAND

The Rev. C. M. Church, pastor of a Methodist church at Cambridge, and his wife are making a trip afoot from Cambridge to Cleveland. They arrived in Dover Thursday at 10:30 and remained here for dinner. After dinner they started for Massillon, reaching Massillon last evening. Rev. Church and wife were delayed for several hours on account of the storm Wednesday night. They started from Cambridge Monday morning.

Rev. Church has quite a reputation as a long distance walker, but this trip is the longest he has yet attempted—Dover Reporter.

PICKINGS FROM STATE PRESS

In the general and wholly unjustifiable attacks being made upon President Taft by irresponsible and sensational papers and magazines, some people may not come into contact with the true state of affairs—the fact that Mr. Taft is going right on and giving the country one of the best administrations that the nation has ever had.—Tiffin Tribune.

Bryan Men Hold Key.

Governor Harmon is now in complete control of the Ohio Democracy, and his presidential boom, as an anti-Bryan candidate has been launched. The result is now up to the voters to decide. It is his fate. If the Bryan men desert 130,669,817 pounds, against 261,074, him he is doomed to defeat before 174 pounds for the same period last his campaign begins.—Steubenville vantage Herald.

McLean Is the Kill Joy.

There is one good reason why the Democrats of Ohio should name their senatorial candidate in advance, and that is to head off, if they can, John R. McLean the Washington editor of the Cincinnati Enquirer. If they can assure the public that he will not be it if they succeed they will get a few more votes.—Ottawa Gazette.

ARGUES IN FAVOR OF METER SYTEM

"I wish this city would put in water meters," remarked a taxpayer to The Age Saturday afternoon. "I figure that all of us could then use only what water we need, without waste, and that the net cost at the end of the year would be much less than it is now."

A Coshocton man who owns property in Newark tells me that under the use of meters there, he pays only about half what his water costs him in Coshocton. A meter makes it fair for every user; if they use little they pay little, but if they use much it costs them more. I don't believe the water department would get as much money as they do now, but the question is whether we are running the water department for the purpose of making a showing, or running it for the convenience of the taxpayers."

Niece Committed Suicide at Cambridge

Mrs. George Baumgartner, of this city, left Friday evening for North Salem, O., to attend the funeral of her niece, Miss Lillian Ethel Miller, who committed suicide Thursday night at Cambridge by taking carbolic acid.

The body was taken to the home of her mother, Mrs. Jane Miller, at North Salem Thursday evening and the funeral services were conducted there Saturday morning at 10 o'clock.

The shocking end of the young woman was the termination of a young life which had beautiful prospects.

The real cause of the deplorable affair has not been positively learned, but the chief of police and officers have made every effort to glean facts that would lead to the suicide. The letter under the young woman's seat at the Leon show which was found by Chief Long badly torn and crushed, and which showed some hope of clearing the mystery was partly placed together, and was

found to be a letter to her sister at North Salem, but was of no consequence.

The affair will probably always be a mystery. The interment will be made in the Bell cemetery at North Salem.

Just returned from the world's convention where Miss Miller is said to have quarreled, stated Thursday that he had not kept company with the young woman for a year past.

EDWARD ROBERTS TAKES POSITION IN MINNESOTA

Edward Roberts, who has been visiting his parents, Mr. and Mrs. Wm. Roberts, of Pleasant Valley, will leave Monday night for Mountain Iron, Minnesota, where he has accepted a splendid position as superintendent of the public schools.

He graduated from the Coshocton high school in the Class of 1904 and then took a course at Northwestern University at Evanston, Ill., where he graduated with high honors. During the past year he has been teaching in the high school at Hibbing, Minn. He is succeeding remarkably well in the educational world and fulfilling the predictions of his Coshocton friends.

RECOVERING FROM ATTACK OF BULL

Lewis Stricker, of Tiverton township, who was attacked by a bull on the Alonzo Spurgeon farm Thursday afternoon, is getting along nicely and no serious results are anticipated. Two ribs were fractured and Mr. Stricker received a number of bruises. He had gone over to Mr. Spurgeon's to turn out a couple of calves. As he started home the bull rushed at him and knocked him down. A shepherd dog belonging to Mr. Spurgeon attacked the bull and Mr. Stricker managed to escape. The bull also attacked Mr. Spurgeon several weeks ago. Dr. Hahn has been attending Mr. Stricker, who is on the road to recovery.

GIRL SERIOUSLY ILL FROM EATING GREEN APPLES

Due to the fact, it is thought, that she has been incessantly eating green apples, forgetful of parental injunction, Grethen, the little daughter of Mr. and Mrs. E. A. Dawson is seriously ill at the family home on Chestnut-st. The physician has not yet pronounced a definite diagnosis, but the high fever that possesses the child leads to a fear that she is suffering from either a mild attack of typhoid or gastritis.

Name Was Incorrect.

It was Fred Landerman instead of John Landerman who assaulted Clott Osler in Roscoe Wednesday for indecent conduct. John does not live here and was not mixed up in the affair.

LOUDONVILLE

MAN ARRESTED

Mt. Vernon, July 30.—Virgil Adrian, residing in Loudonville, O., who was arrested by Sheriff Parker on Thursday afternoon on a paternity charge on a warrant sworn out before Squire Geo. S. Harter by Miss Maud Crill of Brink Haven, was taken before Squire Harter Friday morning at 10 o'clock to answer to the charge. Both the defendant and the plaintiff were examined in the justice's court and the former was placed under a \$500 bond for his appearance in common pleas court in November. When arrested Tuesday and brought to Mt. Vernon, Adrian secured a bond of \$500 for his appearance at 10 o'clock Friday morning in Squire Harter's court.

Sick List.

Mrs. G. W. Cassingham, who has been seriously ill for the past few days, is much better today.

DRIFTER LANDS

AT MARION

[Associated Dailies Telegram]
Marion, O., July 30.—The balloon Drifter, which made an ascension at Hamilton, landed four miles west of here. The highest altitude attained was 8,000 feet. Walter G. Collins and G. R. Howard were pilots of the balloon, which contained one passenger, Jean Arcut. Howard says he will make a business of carrying excursionists on balloon trips from Hamilton.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has now discovered that it is a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

IMPALED ON A PITCHFORK

[Associated Dailies Telegram]
Springfield, O., July 30.—Elmer Dunkel, 30, a farmhand, while driving a load of hay in the barn near "Thornton", was knocked from the top of the hay, and the handle of his pitchfork pierced his abdomen. He died two hours later.

The sales of Velvet Ice Cream are larger than that of any in Coshocton. It becomes more popular every day. Quick delivery to all parts of the city. M. M. Abood & Co., 563 Main-st.

DIME NOVELS LEAD TO BOYS DOWNFALL

[Associated Dailies Telegram]
Canton, O., July 30.—Ray Arcted and John Warner, two barefoot boys of 11, whose confession to a series of over 600 burglaries in Canton and vicinity startled the police recently, were sentenced to the Boys' Industrial school by Probate Judge How. Dime novels are what started the lads on their career of thievery. They say that, having once begun, it proved to be so easy that they kept it up to get money to "give their girls a good time."

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience. A skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as a sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physicians. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them. Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

HARDING IS

WELCOMED HOME

[Associated Dailies Telegram]
Marion, O., July 30.—Men, women and children by the hundreds turned out at a big jollification meeting in honor of Warren G. Harding, Republican gubernatorial candidate. Headed by a band, the crowd marched to the Harding residence and made a stirring demonstration. Mr. Harding replied feelingly, thanking his Marion friends for their great help. He promised them a clean, honorable and courageous campaign.

DROPS DEAD AT TELEPHONE

[Associated Dailies Telegram]
Springfield, O., July 30.—Mrs. Fred Hardwood went to the telephone to summon her father and tell him she was sick. When her father, George W. Ciew, arrived at her home, he found her lifeless body still standing beside the phone, with the receiver clasped in her hand. Her husband was formerly the publisher of the Gazette here.

CURE OF ECZEMA AND DANDRUFF

By One Box of Cuticura Ointment and
One Cake of Cuticura Soap.
Head Perfectly Clear.

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from the disagreeable appearance in a scaly form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soap and shampoo, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago eczema developed on my scalp."

"I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Soap and a single cake of Cuticura Soap when I was cured, the eczema and dandruff were gone and my head perfectly clear. I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use this as a true testimonial which comes from a sufferer of thirty years' standing. I will be happy to tell any one of my experience in order to assist those who may be suffering from the same disease. J. Acavedo, General Commission Merchant, 50 Pearl St., New York, Apr. 21, 1910."

Cuticura Remedies afford the most economical treatment for affections of the skin and hair. A cake of Cuticura Soap (25c) and a box of Cuticura Ointment (50c) are often sufficient. Sold throughout the world. Potter Drug & Chem. Corp., Sole Mfrs., 135 Columbus Ave., Boston, Mass. Under United Free 32-page book, an Authority on the Care and Treatment of the Skin, Soap and Hair.

A 5,000.00 ESTATE

How many men leave a \$5,000.00 estate?

Very few, yet it is possible for any man who is in good health NOW to do so. "Not only possible, but easy."

We will create immediately for any man who is in good health and willing to pay a low rate of interest on \$5,000.00 during his life, an estate of that amount and secure it with NINETY-FOUR MILLIONS of gilt-edged securities. You will be surprised when you learn at what low rate of interest you can secure this proposition.

Let us explain it to you! It costs you nothing to ask questions.
